Boxes requirement

Packaging key point

- 1 Place the item in the **middle** of the box
- 2 Apply **intervals** between individual item
- 3 **No sound** should be emitted when you shake the parcel
- 4 0 contact between the item and the **inner sides** of the box
- 5 Fill up the rest of the space with **packing materials**
- 6 Fully wrap **fragile** objects with protective articles
- 7 Keep the **outer surface of the parcel** plain and smooth
